Discussion: The committee recommends a policy to require a prerequisite for 3000/4000 level courses

The current policy: [https://www.uml.edu/catalog/undergraduate/policies/academic/policies/course\\_descriptions.aspx](https://www.uml.edu/catalog/undergraduate/policies/academic/policies/course_descriptions.aspx) doesn't say anything about 4000 level. The system doesn't enforce the policy as currently written. The Registrar's Office will not add a 4000 level course to the catalog without a prerequisite.

Motion by Mary Kate Keyes to bring forward to Faculty Senate a policy change to require prereq
